

Summer Courses For Students

The Cottonwood Institute is excited to present week-long **Summer Courses** for students. Practice cool **survival skills**, meet new people, and tackle local environmental issues to **help change the world!**

Get out of the house for an unforgettable adventure in Colorado.

Practice cool survival skills including survival shelters, friction fire, and complete a survival challenge.

Tackle local environmental issues to **help change the world!**

High school and college credit available. **Looks great on college applications.**

Scholarships available!
