HELP US GROW FUTURE CHANGEMAKERS

Thank you so much for your interest in supporting our students and programs through our 2026 Cottonwood Institute Events. Our events help us raise the critical funding we need to serve over 450 students with deeply impactful programs that connect them to nature and inspire them to protect it this past year alone.

Over the past two decades, we have built a strong community of supporters who are all committed to each other's long-term sustainability and success. We have crafted fun, unique, and engaging events throughout the year to help achieve your marketing, philanthropic, and employee engagement goals and we can't wait to connect with you and your team at our events this year!

MORE THAN AN EVENT

From Student to Instructor

We believe our programs are just the beginning to breaking down barriers to the outdoors; that's why we're investing in long-term leadership pathways, from student to instructor.

Students in our leadership programs design and lead their own outdoor adventures, plan in-depth community actions, and earn certifications like Wilderness First Aid.

Graduates attend our staff trainings and are hired as paid assistant instructors on our summer field programs. These experiences show them they don't just belong in outdoor spaces—they have the power to guide others there.
